

# ICM Tool Decision Support Working Group of the

## Lake St. Clair Coastal Habitat Project

9/23/2003

1:00 PM to 5:00 PM

Walpole Island Heritage Center

### Type of meeting:

Second working meeting of the ICM Decision Support Working Group. We will be reviewing progress and ICM Products, planning for FY04, deciding how the aquatic portion of the tool will be calculated.

### Please read:

There are several products available on the project web page ([www.glc.org/habitat](http://www.glc.org/habitat)), available under Milestones). If you have not already reviewed the Software Development Plan, the Development Timeline, or the Draft Tool Interface, please do so prior to the meeting.
