

1

Convene state/provincial and local partners

Build common understanding of baseline conditions and basin-wide challenges

Engage the public through listening sessions

Identify steps (law, policy, data) needed to address challenges

Output: Blueprint/action plan for prioritization and barrier removal

2

Share blueprint with Great Lakes leaders

Great Lakes Task Force

Great Lakes St. Lawrence Legislative Caucus

Great Lakes and St. Lawrence Cities Initiative

Output: Briefings on the blueprint, infographics/facts sheets, plus Blue Accounting efforts

3

Outcome: Investment in Great Lakes water infrastructure in alignment with the regional blueprint

State/provincial and local leaders work together to implement blueprint activities

Achievement of GLLC action plans for lead and nutrients

Great Lakes Task Force members utilize blueprint for investment
