

2020 | SPONSORSHIP OPPORTUNITIES

The Great Lakes Stormwater Collaborative (GLSC) is a network of and for water management professionals in the bi-national Great Lakes Basin with the mission of providing an information clearinghouse to exchange knowledge, new technologies and innovative techniques to improve stormwater management within the Great Lakes Basin.

Become a Sponsor of GLSC. Support Regional Collaboration.

The **Great Lakes Stormwater Collaborative** has sponsorship opportunities available for supporting the volunteer efforts in maintaining a healthy exchange of ideas around stormwater management solutions in the bi-national Great Lakes region.

FOUNDERS LEVEL ANNUAL SPONSORSHIP - \$1,000

SUPPORTING LEVEL ANNUAL SPONSORSHIP - \$250

GLSC Sponsorship Will Support:

- Establishment of a curated collection of mapped “spotlight projects”.
- Creation of a regional information database with access to list of resources on GLSC website.
- Access to “how-to” details for engineers and technicians.
- Access to regular webinars, professional panel discussions, and presentations of new stormwater technologies and research.

Acknowledgment of sponsorship is included on the GLSC webpage and other web and print material with Founders Level sponsors’ logos more prominently featured on webpage and materials.

Make checks Payable to: Great Lakes Commission | 1300 Victors Way Suite 1350, Ann Arbor, MI 48108

GLSC is a volunteer-driven organization, whose need was defined by a joint effort of the Great Lakes Commission and Lawrence Technological University, found as described here:
